ANSHIKA AGARWAL

+91-9399831221 | anshika1124agarwal@gmail.com | LinkedIn | GitHub | LeetCode

EDUCATION

Amity University Aug 2024 – June 2028 | Gwalior, MP

B.Tech. in Computer Science **CGPA:** 8.27

Courses: Data Structures, Data Science, Machine Learning, Deep Learning, NLP, Operating Systems, DBMS, Computer Organization & Architecture

EXPERIENCE

Amity Coding Club – *DSA Coordinator* March 2026 – March 2027

- Organized DSA workshops, coding contests, and mock interview sessions for students.
- Mentored members in Data Structures, Algorithms, and competitive programming.
- Curated problem-solving roadmaps and resources; coordinated with club leadership to execute technical events and coding challenges.

GirlScript Summer of Code (GSSoC) 2025 – *Open Source Contributor* May 2025 – Aug 2025

- Contributed to multiple open-source repositories, addressing bugs and enhancing project functionality.
- Created and merged pull requests maintaining coding standards; strengthened skills in software development, debugging, and collaborative coding.

PROJECTS

KrishiLink April 2026

- Contributed to an agriculture-focused marketplace platform using React.js, enhancing crop listing, product discovery, and user interaction features to improve overall user experience.
- Collaborated via Git/GitHub workflows, resolving issues, implementing feature enhancements, and submitting pull requests in an open-source environment.

TerraScope Feb 2026

- Contributed to an Earth observation and geospatial analytics platform, enhancing frontend functionality, data visualization components, and user workflows for spatial data exploration.
- Collaborated in an open-source environment using Git/GitHub, resolving issues and submitting pull requests following industry-standard development practices.

TECHNICAL SKILLS

- **Languages:** C++ (Proficient), Python (Advanced), JavaScript/ES6, MySQL
- **Frameworks & Libraries:** React.js, Node.js, Express.js, REST APIs, Tailwind CSS, TensorFlow, scikit-learn, Flask, OpenCV
- **Tools & Platforms:** Git, Linux/Unix, Docker, Jest (Unit Testing), Agile/Scrum
- **DSA:** Arrays, Linked Lists, Trees, Graphs, Dynamic Programming, Competitive Programming
- **AI/ML & Data Science:** TensorFlow, Keras, scikit-learn, NumPy, Pandas, Machine Learning, Deep Learning

ACHIEVEMENTS

- **Consolation Prize – Indore SSH Hackathon:** Recognized for developing an innovative solution to a real-world problem, demonstrating teamwork, problem-solving, and technical implementation skills.
- **Event Coordinator – Capture The Flag (CTF) Event:** Led planning and execution of a cybersecurity competition, managing 100+ attendees, registrations, challenge coordination, and participant support.
